PART I  

GRANT AGREEMENT REQUIREMENTS

SECTION A  

GENERAL INFORMATION

1. INTRODUCTION

The City is requesting a proposal for services to assist in the design, development and implementation of a Diversity and Civic Leadership Organizing Project. The program developed under this grant is designed to broaden diverse participation in the civic governance of the City, build constituent identity and communication structures, improve the livability and sense of community with a focus on communities of color, immigrant and refugee communities.

2. BACKGROUND

The City of Portland recognizes policy, planning, and budgeting processes are best served when developed with public input representing a diverse cross-section of Portland’s increasingly diverse communities. Community leaders have advocated the City needs to more aggressively engage communities of color through community-based organizations that are culturally specific to their constituencies.

This project is one of several new initiatives within the Office of Neighborhood Involvement (ONI) that provide a framework for the City’s public involvement efforts and neighborhood system to better serve and engage traditionally underrepresented population groups in the civic governance of the City.

This proposal came out of the ONI 2006-07 budget deliberations. It builds on an earlier community initiative begun in 2005, the Diversity and Civic Leadership Committee (DCLC), a diverse group of community and neighborhood leaders. The DCLC developed a proposal for the City to fund including a Diversity and Civic Leadership Academy and a Neighborhood and Community Engagement Initiative. The DCLC’s intent for the first is to build the capacity of under-represented groups in order to increase their participation in the civic governance of the City. The intent of the second is to expand the ability of neighborhood associations to engage diverse neighbors and build partnerships with under-represented groups. The committee’s proposal was adopted by City Council as part of the FY 2006-07 budget for the Office of Neighborhood Involvement.

3. SCOPE OF WORK

The City of Portland’s Office of Neighborhood Involvement (ONI) is seeking proposals from community-based non-profits, hereafter called “Proposer”, with demonstrated experience in community organizing, organizational development, leadership development, and communications with intentional focus on improving the livability and sense of community within communities of color, immigrant and refugee communities.

The Office of Neighborhood Involvement proposes to engage three (3) successful Proposer(s) to design, develop, and implement organizational strategies that best meet the goals stated below for the Diversity and Civic Leadership Organizing Project.

The goals of this project:

Support efforts to build the organizational and communication capacity of community organizations of color and immigrant/refugee organizations to:

a. Develop culturally appropriate means to build community identity, understanding of existing City governance structures, and skills to analyze City power dynamics.

b. Develop communication structures to encourage and maintain communication among community members and public agencies to support community building and livability efforts, foster dialogue on policy issues, and opportunities for involvement with the City.
c. Develop leadership opportunities to be more effective advocates responding to City public involvement initiatives and advancing policies to achieve economic and social equity for their constituencies.

d. Create a source of leadership to develop representation on City advisory committees, boards and commissions, neighborhood associations, and a wide array of City public involvement opportunities.

e. Encourage the development of collaborations and partnerships between a wide-range of underrepresented community organizations, neighborhood and business associations, where there may be opportunities to work on common community and neighborhood livability issues.

f. Develop culturally appropriate models for how these communities can safely and successfully interact in City processes in meaningful ways that adds value to both their communities and the City. Present these models to the City as effective strategies to interact with underrepresented groups.

4. PROJECT FUNDING

The anticipated cost for the services described herein is $200,000 to be divided more or less evenly between three successful Proposers. The City reserves the right to choose a greater or lesser number of Proposers. Each proposal shall include the Proposer’s true estimated cost to perform the work irrespective of the City’s budgeted funds for this work.

the purpose of scoring proposals each of the committee members will evaluate each

committee may seek outside expertise, including but not limited to input from technical
advisors, to assist in evaluating proposals.

The successful Proposer shall be selected by the following process:

a. An evaluation committee will be appointed to evaluate submitted written
proposals.

b. The committee will score the written proposals based on the information submitted
according to the evaluation criteria and point factors.

c. The committee will require a minimum of 14 working days to evaluate and score the
written proposals.

d. A short list of Proposer, based on the highest scores, may be selected for oral
interviews if deemed necessary. The City reserves the right to increase or decrease
the number of Proposer on the short list depending on the scoring and whether the
Proposer have a reasonable chance of being awarded a grant.

e. If oral interviews are determined to be necessary, the scores from the written
proposals will be considered preliminary. Final scores, based on the same
evaluation criteria, will be determined following the interviews.

The evaluation committee's recommendation for grant award will be submitted to the
Portland City Council for approval. The City has the right to reject any or all proposals for
good cause, in the public interest.

3. CLARIFYING PROPOSAL DURING EVALUATION

During the evaluation process, the City has the right to require any clarification or change its needs in order to understand the Proposer's view and approach to the project and scope of the work.

SECTION B 
1. CONSULTANT SELECTION

The City will award a grant to the highest scoring Proposer. Should the City not reach a favorable agreement with the highest scoring Proposer, at the City's sole discretion, the City shall terminate negotiations and commence negotiations with the second highest scoring Proposer and so on until a favorable agreement is reached. A consultant selection process will be carried out under Portland City Code Chapter 5.68.

2. GRANT AGREEMENT DEVELOPMENT

The proposal and all responses provided by the successful Proposer may become a part of the final grant agreement. The form of agreement shall be based on the City's Contract for PTE Services.

3. AWARD REVIEW AND PROTESTS

REVIEW:

Following the Notice of Intent to Award, the public may view proposal documents. However, any proprietary information so designated by the Proposer as a trade secret and meeting the requirements of ORS 192.501(2) will not be disclosed unless the Multnomah County District Attorney determines that disclosure is required. At this time, Proposer not awarded the grant may seek additional clarification or debriefing, request time to review the selection procedures or discuss the scoring methods utilized by the evaluation committee.

Protests may be submitted to the bureau director from those Proposers who would receive the contract if their protest were successful. Protests must be received by the bureau director within seven (7) calendar days following the date of the City's Notice of Intent to Award was issued. The protest must specifically state the reason for the protest and show how its proposal or the winning proposal was mis-scored or show how the selection process deviated from that described in the solicitation document. The contract award process will be put on hold until the protest has been resolved.

The exercise of judgment used by the evaluators in scoring the written proposals and interviews, including the use of outside expertise, is not grounds for appeal. The bureau director may waive any procedural irregularities that had no material affect on the selection of the proposed contract, invalidate the proposed award, amend the award decision, request the evaluation committee re-evaluate any proposal or require the bureau to cancel the solicitation and begin again to solicit new proposals. In the event the matter is returned to the evaluation committee, the bureau director, shall issue a notice canceling the Notice of Intent to Award. Decisions of the bureau director are final and conclude the administrative appeals process.
