

# EROSION CONCERNS?

Bureau of  
Development  
Services FROM CONCEPT  
TO CONSTRUCTION

Call the Bureau of Development Services:

# 503-823-0900

Permit # / Address: \_\_\_\_\_

**YOU ARE REQUIRED TO POST THE EROSION CONCERNS SIGNAGE, OPPOSITE SIDE, AND CALL FOR A PRE-CONSTRUCTION EROSION CONTROL INSPECTION (IVR # 200) PRIOR TO GROUND DISTURBING ACTIVITIES TAKING PLACE**

The responsible party (property owner, contractor, etc) is required to do the following to meet Title 10 requirements for notification:

- Laminate, or otherwise ensure that this sign (see opposite side) shall withstand weather for the duration of the project; and then,
- Post this sign (opposite side) on the site so that it is clearly visible from the public right-of-way.

TITLE 10, The City's Erosion and Sediment Control Regulations, requires **ground disturbing activities** requiring a permit to provide adequate public notification of the City's Erosion Control Complaint Hotline through the posting of signage on the site of the permitted ground disturbing activity.

Failure to meet these requirements may result in a permit inspection correction notice, citation and/or Stop Work Order.
