TREE ROOT PROTECTION ZONE

Protection method (circle one): **Prescriptive** **Performance (Arborist report)**

The root protection zone fence location and materials as shown on the project site plan have been approved to protect one or more trees in accordance with:
Title 11 and/or Title 33

Moving or adjusting this fence or illegally encroaching into the approved tree root protection zone is a violation of City of Portland Code Section 11.60.030 – Tree Protection Specifications and subject to enforcement actions per 11.70.090.

503-823-TREE (8733)

(See important instructions on back)

INSTRUCTIONS

Tree Protection fencing must be installed and approved prior to any ground disturbing activities on site and/or other inspections.

- For RS, CO or SD permits that list a #507 inspection call 503-823-7000.
- For ZP or Field Issuance Remodel (FIR) permits call 503-823-TREE (8733) and request a tree inspection.
- Tree fencing for other permits is checked with first building inspection.

Affix this sign to your tree protection fencing using zip or twist ties.

The sign must be placed in a prominent location that, to the greatest extent possible, will allow the sign to be visible from the street.

The sign must remain fixed to the tree protection fencing and fencing must remain in place until the final inspection is approved.

Any changes to the approved tree protection plan must be reviewed and approved through a revision to the original permit.
